## Experience

### Developer & Translator, *Cuba's New Wave*

- Collaborate with design/development team to build a multimedia website to showcase short documentaries, written stories and interactive graphics about Havana's youth
- Utilize GitHub version control as a member of a four-person development team
- Translated live interviews and transcripts while in Havana for a 10-day reporting trip

### Music Director, *UNC Tar Heel Voices A Cappella*

- Manage repertoire and oversee long-term recording projects, including scheduling studio time, communicating with recording engineers and facilitating group song selection
- Plan and facilitate group rehearsals (6 hours per week)
- Reorganized internal record keeping process to streamline information on repertoire, music goals and recording progress
